How to Resolve the “User Not Found” Error

Introduction

It has come to our attention that some students are experiencing difficulties logging into ISIMS and receiving the “User not found” error. This guide provides step-by-step instructions to help you resolve the issue.

Step 1: Go to the ISIMS Login Page

Open the ISIMS login page and attempt to log in using your Student ID and password.

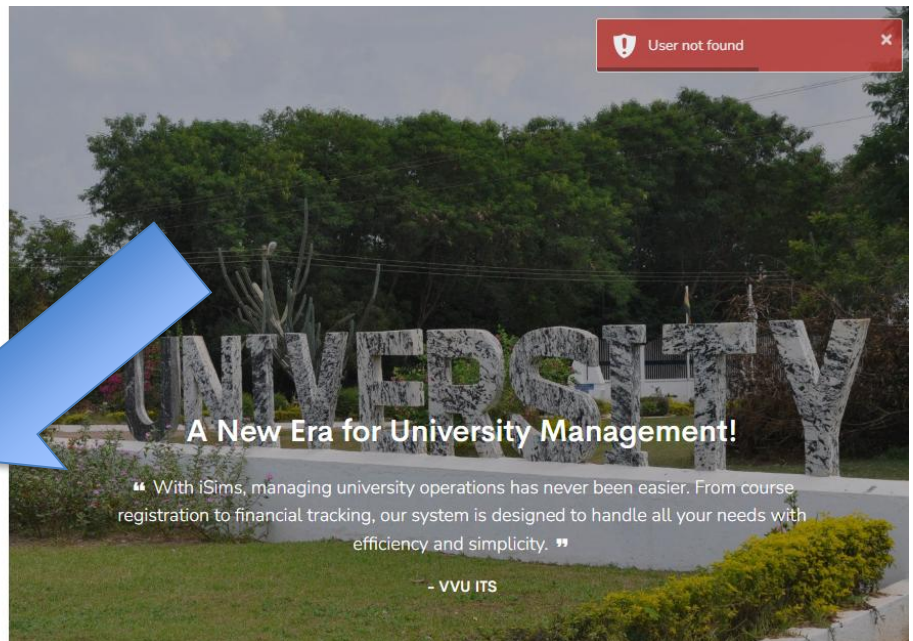

Figure 1: ISIMS Login Page

Step 2: Click “Forgot Password”

If you receive the “User not found” error, click on “Forgot Password” below the login section.

The screenshot shows the iSIMS login interface. At the top is the iSIMS logo. Below it is a 'Sign In' section with instructions to enter an ID number and password. A red error message 'User not found' is displayed above the input fields. The 'ID Number' field contains 'Enter ID Number'. The 'Password' field contains 'Enter your password' and has a 'Forgot your password?' link next to it. Below the fields are 'Log In' and 'Google Login' buttons. At the bottom, it says 'Version 2.0.0'.

Step 3: Enter Your Student ID

On the password recovery page, enter your Student ID number in the required field.

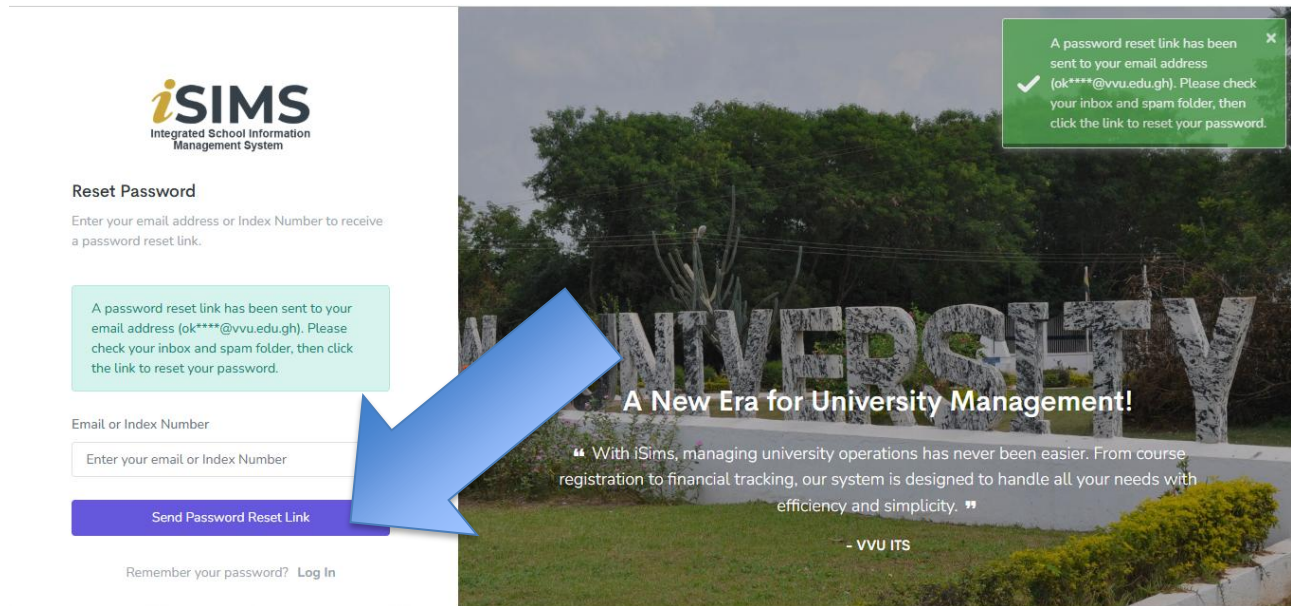

The screenshot shows the iSIMS password reset interface. At the top is the iSIMS logo. Below it is a 'Reset Password' section with instructions to enter an email address or index number to receive a password reset link. The 'Email or Index Number' field contains '2 5010 23'. Below the field is a 'Send Password Reset Link' button. At the bottom, it says 'Remember your password? Log In'.

Step 5: Check Your Email

A password reset link will be sent to the email address registered with your ISIMS account. Check your inbox and also your Spam/Junk folder if you do not see the email in your inbox.

Step 6: Reset Your Password

Open the email and click the password reset link provided.
